

You want to create and live in Bourganeuf – Royère de Vassivière

You'd like to give new meaning to your life, be professionally independent or simply offer your family a natural space in which to live.

Spontaneous decision or a long thought out plan, our land is waiting to become yours...

So tell us about your project...

The "Point d'Accueil Local" (local welcome point) will give you information about living conditions, moving in opportunities and will present our network.

Other ways of making your move easier can be found in the section "offers and opportunities".

And as we say in the Limousin dialect "Chabatz d'entrar" ("end up coming in") !
